FOR SHANGHAI

THE second race of the Royal Hongkong Yacht Club for the Hon. H. E. Pollock's cup will take place on Sunday next. The course will be—from the Police Pier, Kowloon Point, round the North Fairway buoy, and a mark boat off Lyesmoor (leaving both to starboard), finishing off the Pier; 12 miles.

TeXAS has just been brought to our knowledge an interesting incident which occurred near Ceylon, in which the principal actors were H.M.S. *Immortalite* and the P. and O. steamer *Aradus*. Bad weather had been experienced from Aden, and the cruiser was overtaken by the *Aradus*, which left Aden two days later. The cruiser was ploughing about in the heavy seas, and the mail steamer was having no less lively a time of it, too lively in fact for the comfort of her passengers. Gradually the mail steamer overtook the *Immortalite*, and as the vessels drew nearer it was seen that the cruiser was being brought into the track of the mail steamer. Signals were hoisted and answered by the *Aradus*. The Captain and officers of the *Immortalite* had learned at Aden of the invasion of the Transvaal by Dr Jameson, and knowing that the *Aradus* had left Aden after them she wanted to have the latest intelligence. Within a hundred yards of each other the semaphore were set to work, and the latest telegrams were communicated to the officers of the warship. In spite of the roughness of the weather, the crew of the *Immortalite* swarmed upon the boats and upper decks, while the band played "Hole Britannia." Having received the thanks of Captain Chichester the *Aradus* forged ahead, and while the band of the cruiser played "Auld Langsyne" the crew gave three hearty cheers, which were cordially responded to by the passengers and crew of the mail steamer. The incident left pleasant variety to the passengers of the mail steamer, broke into the quietude of the voyage, and by arousing a strong feeling of patriotism helped them to forget the sorrows of seasickness.

It is said that before Prince Henry of Battenberg started for the war he had his life insured for \$500,000 (gold). Such thoughtfulness in the part of a dying husband is not strange, remarks a San Francisco paper, but it would be hard to match the corresponding thoughtlessness of the insurance people.

Port Arthur having been receded to the Chinese Government, General Sun Ching, who is supposed to be the bravest military officer in the Chinese Army, has been appointed to Port Arthur. In charge of the Defence Garrison at that Port, it is stated that he is the most capable man for the position.—*Mercury*.

DESPERATE fighting between pirates and the people of the town of Ngantowchin is still continuing. Many Chinese Army, British, and French women, while travelling by chair in the neighbourhood, once daily, and meanwhile the French and British troops are out in steamers hunting for the pirates, who seem to have taken to the shore when they got the officials well at sea.—*China Gazette*.

The Tientin correspondent of the Mercury writes:—In spite of the preparations for his journey to Peking, Mr. G. Darling still remains here. According to rumour he is too busy with his yearly returns. We are glad to learn from Peking that Sir Robert Hart enjoys better health and is in excellent spirits. He has now less daily work with the members of the Tung-kye-yamen, and more with Li Hung-chang, with whom he is on excellent terms.

From Peking we learn (says the Tientin correspondent of the Mercury) that Mr. L. Spiegel is living in a house near Li Hung-chang, which makes it more convenient for them to communicate with each other.

On March 1 is now more like confidence, and Spiegel is now the right man. Mr. L. Spiegel is in excellent terms with Li Hung-chang, who stands to reason that he will be backed up by Prince Kung, whose influence will enable him to proceed to Peking and have an audience with the Emperor, just as W. N. Pethick was able to have an audience with the Emperor through assistance of Prince Kung. It is said that Spiegel has put Herr von Brandt in the shade.

The native papers continue to animadvert upon the lax management of the Naval College at Tientin, the pupils of which consume their time in opium-smoking instead of learning their duties. Some time ago the authorities issued a proclamation with the object of prohibiting these future heroes from having opium divans at close quarters and of prohibiting the erection of further opium-houses in the vicinity of the college. But despite this warning a hand-some opium shop has been put up close to the college, and the pupils continue as if it were perfectly in order to woo the draway drug under the shadow of the Alma Mater. Neither the President of the college nor the magistrate have taken any trouble to suppress the evil.—*China Gazette*.

The disbanding of China's foreign defenders continues. All the foreigners detached by Sir Robert Hart, for military (wherever save the mark!) duties from the Customs have returned to their ordinary work of looking after the revenue, while give more of the heroes from Kiangsu have received their discharge papers from Chang-ching-han, in understanding to get some of the three odd German soldiers who have been sent over to pay to the British as their officers in pay to the British as their officers in pay to the British as their officers in pay to the Chinese Government, it is not likely that they will consent to part with the nothing they have got merely to oblige Chang-ching-han. A telegram from Chang-ching-han is understood to say that the Chinese are to remain pending further instructions at Nanking. Whether this is true or not we are not prepared to say, but we do know that Chang-ching-han's troops, which had been two days ago with the last to get his affairs at Nanking into a fit state to hand over to his successor, *China Gazette*.

THE LEGISLATIVE COUNCIL

The Legislative Council met this afternoon. H. E. Sir William Robinson, K.C.M.G., presided. There were present—Hon. J. H. Stewart Lockhart, Colonial Secretary; Hon. H. E. Pollock, Acting Attorney General; Hon. A. M. Thomson, Acting Colonial Treasurer; Hon. F. A. Cooper, Director of Public Works; Hon. R. M. Rumsey, Harbour Master; Hon. W. G. Hastings, Acting Captain Superintendent of Police; Hon. G. P. Chater; Hon. T. H. Whitehead, E. B. Bellis, and J. J. Bell-Irving; and Mr. J. G. T. Buckle, Acting Clerk of Councils.

NEW MEMBER.

Mr. H. E. Pollock took the oath of allegiance.

DOCUMENTS.

The following documents were laid on the table by the Colonial Secretary:—A report on Widows and Orphans Fund for the year 1895; the report of the Acting Superintendent of the Fire Brigade for 1895; the report of the Acting Superintendent of Victoria Gaol for 1895; Reports of the Headmaster of Queen's College, and the Examiners appointed by the Governing Body for 1895; a statement showing the total revenue and expenditure of the Colony in the year 1894; an amended statement showing the assets and liabilities to 31st December, 1894.

The Colonial Secretary said—With regard to the two last papers I may explain that in the statement which was laid before the Legislative Council the assets and revenue of the Colony were overstated to the amount of \$8575.7. This mistake arose through a clerical error, two bills from the Australian Government having been paid down as outstanding, the amounts having been collected by the Crown Agents. It was thought to silly misapprehension to republish this statement, which was accordingly done, and the papers are now laid upon the table.

NEW SANITARY BY-LAWS.

The Colonial Secretary moved the adoption of the by-law relating to home-bottling and tallow-melting made by the Sanitary Board.

Mr. Pollock seconded.

Agreed.

The Colonial Secretary moved the adoption of the following by-law made under sub-section 4 of section 13 of Ordinance No. 24 of 1887:—

"Any house, or part of a house, which is occupied by members of more than one family shall—unless specially exempted by the Sanitary Board—be cleansed and lime-washed throughout, by the owners to the satisfaction of the said Board not less than twice in every year, namely, during the months of February or March and of September or October respectively; and notice of such intended cleansing and lime-wash, must be sent to the Secretary of the Sanitary Board three clear days before the work is commenced."

Mr. Pollock said—Having in mind the painful experience of the past, and knowing as I do that a few sporadic cases of plague have recently made their appearance, I do not wish to appear as opposing the Government in any measure they may see fit to bring forward to eradicate this disease from amongst us. I therefore will, at the present moment not criticise the by-laws which are before us, though I see very serious objection to their operations. I trust, however, that the Government will, as soon as they are satisfied that the Colony is thoroughly cleansed, consent to the same.

The by-law was agreed to.

NEW MEASURE.

On the motion of Mr. Pollock, seconded by Mr. Stewart Lockhart, the following bills were read a first time:—An Ordinance to prevent doubts as to the validity of documents heretofore sealed with the seal of the Colonial Court of Admiralty of Hongkong; An Ordinance to stand and consolidate the Law relating to Factors; An Ordinance for codifying the Law relating to the Sale of Goods; An Ordinance to amend the practice as to the granting of the registration of a Liege-land; An Ordinance to provide for the extradition of Fugitive Criminals from the Territory of the British North Borneo Company.

THE BASEL MISSION.

Mr. Chater—Sir, I have the honour to move the first reading of a Bill entitled "An Ordinance for the incorporation of the President in Hongkong of the Basel Evangelical Missionary Society." All the formalities in connection with the introduction of a private bill have been completed with, and I understand, to the satisfaction of the Hon. and learned Attorney General. I therefore trust Hon. members will have no objection to the first reading. Mr. Whitehead seconded.

THE REGISTRAR OF THE SUPREME COURT.

Mr. Pollock—Sir, with regard to the next item which is on the agenda, I do not propose to proceed with the consideration of Committee of "An Ordinance to amend the law as to certain money paid into the Supreme Court or to the Registrar thereof." My reason, Sir, in desiring to postpone going into Committee on this measure is that this Ordinance is framed upon the same lines as an Ordinance which has been in force in the Straits Settlements for some years past, and I think it probable, therefore, that Mr. Kyte, the new Registrar of the Supreme Court, who is expected to arrive in a few days, may be able to give me some valuable light as to the

practical manner in which this Ordinance has worked in the Straits Settlements.

The Council then sat in Finance Committee, and His Excellency withdrew.

FINANCE COMMITTEE.

The Colonial Secretary presided.

NOW IT IS DONE!

The President—I have only one minute to bring before the Committee to-day, and it is one in which the Governor recommends the Committee to vote \$7000 for the construction of a new steam-launch for the Health Officer of the Port. The steam-launch which the Health Officer formerly used became the old and was condemned; therefore the necessity for providing a new one. Bring the minute before the Committee and suggest that the vote be passed.

Mr. Chater—Has the launch been ordered?

The President—It has been ordered.

Mr. Chater—Is it now ready?

The President—From whom has it been ordered?

Mr. Chater—I think it is—the Harbour Master will correct me—from the Dock Company.

The Harbour Master remitted.

The vote was passed.

ADJOURNMENT OF COUNCIL.

His Excellency having returned, the Council sat in private to consider the Jury List for 1895. Before the public withdrew.

His Excellency said that as the business

was not urgent and as a certain omen

medical advice had recommended the

taking of holidays, he proposed to adjourn the Council till the 3rd of March.

FOOTBALL.

HONGKONG E. C. & NAVY.

Considering the temperature there was a big turn-out of spectators at this match. This was the third encounter between the Navy and the Club during the present season, and although the Navy, considered their team of yesterday afternoon stronger than their other teams of this season, the Club played very well at the start and soon registered a goal, converted by Greenfield from a try. After this, and up to the end of the first half-hour, the Club forwards seemed to get out of joint, the Navy dangerously near getting over. Shortly after the commencement of the second half, the Navy scored a try from a piece of pretty passing. They gained the try, but failed to goal with the place kick. This reverse did the Club a vast amount of good, and genuine work by the forwards, especially Cameron, Potts, Sanders and Barlow, gave the Club backs plenty of opportunities, enabling Greenfield to get behind twice and once after an excellent run, one of the tries being converted by Greenfield. Less selfish play on the part of some of the Club enabled the Club to score a few more points.

CORRESPONDENCE.

THE CHINESE SERVANT QUESTION.

To the Editor of the 'CHINA MAIL.'

Hongkong, February 10.

Sir.—The enlargement of your influential journal encourages the hope that you will find room for a protest against the lack of any protection in our Colonial Legislature for Europeans against their Chinese domestic servants.

I noted only the other day a Police report about a House Boy who was sent to goal for making free with his master's effects. So far, the European Community is obliged to the Criminal Law for protection, but what will happen when that House Boy comes out of prison? Can any one who has the least experience of the conditions attending the engagement of servants feel the least hope that that Boy's career is Domestic Servants is ended? Given a vacancy, a few "Chinaman" loaned for the occasion will be quite sufficient, if the Boy has a fair address, to find a fresh victim for him.

Chinese employers are well able to take care of themselves, but it is idle to suggest that Europeans have the same facilities for testing the credentials and ascertaining the antecedents of Servants who apply for situations.

A short time since, I engaged a Cook with excellent "chits." True they were rather ancient, but this was readily explained by the man—having been "bombed" (prison) and only just returned to Hongkong to resume his old avocation.

He was a cook with a good record, but he was not prepared to discover by pure accident that he had been a cook.
